**SELBORNE & WENTWORTH CHAMBERS**

**DISRUPTION TO LIFT**  
**SERVICES SELBORNE**  
**CHAMBERS**

The middle lift in Selborne Chambers has been taken out of service to carry out maintenance work. The removal of the lift from service follows a routine inspection by our Engineers.

As a result of the lift being removed from service you should expect some minor delays with the Selborne Chambers Lift Service.

The lift maintenance contractor and our Engineers are arranging for the necessary work to bring the lift back into service as soon as possible. It is expected that the lift will be out of service for the rest of the week and will be back in service next week.

For a faster lift service, you may wish to use the Wentworth Chambers lifts which remain in full service.

An update on the progress of the work will be circulated at the end of this week. If you have any questions, please contact our maintenance staff on 9231 3644.
