AFTER HOURS NOISY WORKS STARTS TONIGHT AT 6PM

The BCA Upgrade project will commence this evening with a programme of after hours work. The work will involve components of noisy and disruptive work after 6pm during the week and also on the weekends until 18 December, when noise restrictions will be unconditionally lifted altogether for the tradesmen.

No building work of any description, other than that already approved by Counsel's Chambers, will be permitted to be carried out until after January 2010. All tradesmen carrying out work for Floors or Shareholders that has been approved by Counsel's Chambers must sign the log book located at reception on Level 1 before commencing work each day.

If you have any questions, please contact me on 9231 3644.
